

Silks Reign Supreme

FALL AND WINTER

Silk supremacy for the Fall and Winter is already decided at the Fashion centers. Then, too, what fabric can take its place with its gentle rustle, so irresistible to womankind? Probably no fabric made is so deceptive as to quality as Silk. Then isn't it to a buyer's advantage to select one with a personal recommendation behind it? Every yard of the following is personally recommended to be the best of their class and we positively guarantee satisfactory wear. Are you taking a possible chance in this case?

Haskel Silks.

These Silks have won their way to the front ranks solely on merit. Never have they advertised and today they are the best known Silks made. We carry them in Glace Taffeta, Peau de Cygne, Messaline, Peau de Soie, Satin and Etamine. Both changeable and plain Taffetas. A beautiful Silk for a petticoat or shirt waist suit. 85c, \$1.00 and \$1.50 per yard.

Boxbay Silks.

The most popular cheap Silk made. Absolutely pure dye. No "weighting" ingredients. Brilliant finish. Will not break or tear. In the several years we have handled this Silk we have never had a claim or a complaint made. We carry this Silk in a full line of plain colors and two-toned effects. Plain colors, 50c per yard. Two-tones, 59c per yard.

Moneybak Silks.

These Silks are all that could be asked for in a Black Silk. Every thread is fine, strong and of pure Silk. No adulteration of any character is practiced. We are authorized to refund the purchase money should Moneybak cut, fade or prove in any way defective. In Taffeta and Peau de Cygne.

HARD ON THE ROOSTER.

Mr. Vernon Says That It Shall Not Crow Before 6 A. M.

Mr. Vernon, N. Y., Aug. 19.—Roosters are forbidden to crow, dogs to bark, bells to be tolled and engines to toot their whistles in Mt. Vernon between 10 at night and 5 in the morning, according to a decision reached yesterday at a meeting of the board of health. The ban will be placed upon these so-called nuisances today, and after that owners of indignant fowls and mindful watchdogs, who might attempt to bark, and give their masters or mistresses warning of an approaching burglar, will be subject to arrest and fines ranging from \$5 to \$50. Those who fail to pay will have to go to jail. The ordinance reads as follows:

"The ringing of church, locomotive or other large bells, the blowing of steam whistles, the moving of shunting trains, except in connection with the through traffic of the railroads, the handling or movement of large masses of rock, metals or other substances to interrupt or disturb the sleep of residents within the city of Mt. Vernon, between the hours of 10 o'clock in the evening and 6 o'clock in the morning; the maintenance of animals, crowing cocks, barking dogs and other animals or birds which produce, or are calculated to create and emit noises of a degree and kind to disturb sleep and quiet of the neighbors within the same hours, is hereby prohibited.

It is said that the ordinance is aimed at the New York, New Haven & Hartford road and the New York Central, which handle freight to Mt. Vernon at night.

Many lawyers, in discussing the ordinance, claimed that it was unconstitutional.

On the farm claimed by his father, they reared their family of two sons and a daughter, Homer F. Comings, Dr. Fred W. Comings of Derby, and Mrs. E. M. Brown of Slidonia, who have been a credit to the family name and the town of their birth.

Mr. Comings had been a deacon in the Congregational church for forty years, and was next to the oldest member at his death.

RUTLAND SECURITIES.

Yesterday Brought \$125,000 Above the First Offer.

New York, Aug. 19.—The sale of all securities and interests in the Rutland corporation held by the Merchants' Trust company, for \$425,000, was announced yesterday by the receivers of the Merchants' company, Douglas Robinson, complaint of the Merchants' Trust company, Tracy Rogers of Huntington and Lee & S. Wise of this city were the buyers.

The non-sale of the Rutland Vermont properties was one of the grounds for complaint of the Merchants' Trust company, who recently organized themselves into a protective association which demanded that the receivers show why the sales of certain securities had not been consummated.

The receivers point out that had Rutland securities been disposed of at the price offered when the depositors' organization asked its questions recently, \$125,000 less than today's price would have been received.
